A green login form titled 'Login to an Existing Account'. It has two input fields: 'Username' and 'Password'. Below the fields is a 'Login' button. At the bottom, there are two links: 'Help me login to my account' and 'Forgot Username or Password?'. The form is highlighted with a yellow border.

3. Enter your email address. If the system doesn't find you, then it will prompt you to enter your information.
4. When you see this screen, make sure to select **yourself** (to register the team) and if you are signing your **own** kids up to play as well, select the number of kids that you will be acknowledging the release forms for.

### Would you like to register one of your children, or yourself?

A form titled 'Select one or more people below.' It has two options. The first option is 'Lauren', with a silhouette icon and 'Age: Adult' below it. The second option is 'Add additional children', with a silhouette icon and 'How many?' followed by a dropdown menu showing '1' and a downward arrow.

5. It will then ask you what programs you would like to register you (the adult) for. This can be misleading. You want to select which program you as the adult are signing your CHILD'S TEAM up for. (Choose the Gender/Age Eligibility that applies to your child's team)
6. You will then be asked if you would like to Donate to Soccer Saves.
7. You will then be required to upload the roster of your 3v3 team. **\*NOTE:** You can find the link to the Soccer Saves 3v3 roster form on the website.

8. You will then be asked to create your child in the system. To do so, enter all of his information. (Entering Medical Information is OPTIONAL)
9. You will then be offered the Liability & Concussion Form Acknowledgement Program. This program will allow you to 'agree' to all Liability Forms required by Soccer Saves for your child to step on the field.
10. You will then continue with registration and be asked to pay for the tournament.

\*\*You are only allowed to register for a program once. If you get the error message of "child in-eligible to play or age bracket filled to capacity" it is most likely because you or your child is already registered. To check and see if you have already registered you or your child, check your Korrio profile page. If you believe you are receiving this message in error, please contact [shelli@soccersaves.org](mailto:shelli@soccersaves.org).
